

Each MULTI-METAL POLISH WIPE is premoistened with a powerful formula that removes deposits and oxidation from sensitive metal surfaces like brass, silver and copper. But while these wipes are strong enough to remove tough stains and deposits, they are still gentle enough to polish and protect metal surfaces against further damage.

In addition to our advanced formula that cleans and protects in one step, each MULTI-METAL POLISH WIPE utilizes a dual-purpose cloth towel. One side of the wipe features a non-scratching abrasive fabric to aid in the removal of stains and oxidation, while the opposite side of the wipe is smooth to help polish and buff the surface to a bright shine.

DIRECTIONS:

Protective gloves are recommended while using this product. Scrub surface with abrasive side of towel until stains and deposits disappear. Use the smooth side to wipe the surface clean. Discard used towel. For a super shine, buff lightly with a soft towel after application.

NOTE: When using on a food contact surface, e.g. utensils and silverware, a potable water rinse is required.

MULTI-METAL POLISH WIPES

CLEANS, POLISHES & PROTECTS

FOR USE ON BRASS, SILVER AND COPPER

CAUTION

May irritate eyes and skin.

See side panel for further precautions and first aid instructions.

KEEP OUT OF REACH OF CHILDREN

Net Contents: 40 - 9.5"x12" premoistened towels

CAUTION

Eye and skin irritant. Avoid contact with eyes. Avoid prolonged contact with skin. Do not take internally.

WARNING: This product contains a chemical known to the state of California to cause birth defects or other reproductive harm.

FIRST AID: If In Eyes: Flush with water for at least 15 minutes. If discomfort persists, see a physician. **If On Skin:** Wash with soap and water. If irritation is persistent, contact a physician.

KEEP OUT OF REACH OF CHILDREN

See M.S.D.S. for complete safety information.

HANDLING AND STORAGE: Keep container tightly closed when not in use. Avoid excess heat and open flame. Rinse empty container before recycling container.

DISPOSAL: Offer empty container for recycling. If recycling is not available, discard container in trash. Discard used towel in trash.
